

ALGORITMOS Y PROGRAMACIÓN  
ROMINA ALARCÓN

circuito 1

| p | q | p AND q | NOT q | (p AND q) OR (NOT q) |
|---|---|---------|-------|----------------------|
| V | V | v       | f     | v                    |
| V | F | f       | v     | v                    |
| F | V | f       | f     | f                    |
| F | F | f       | v     | v                    |

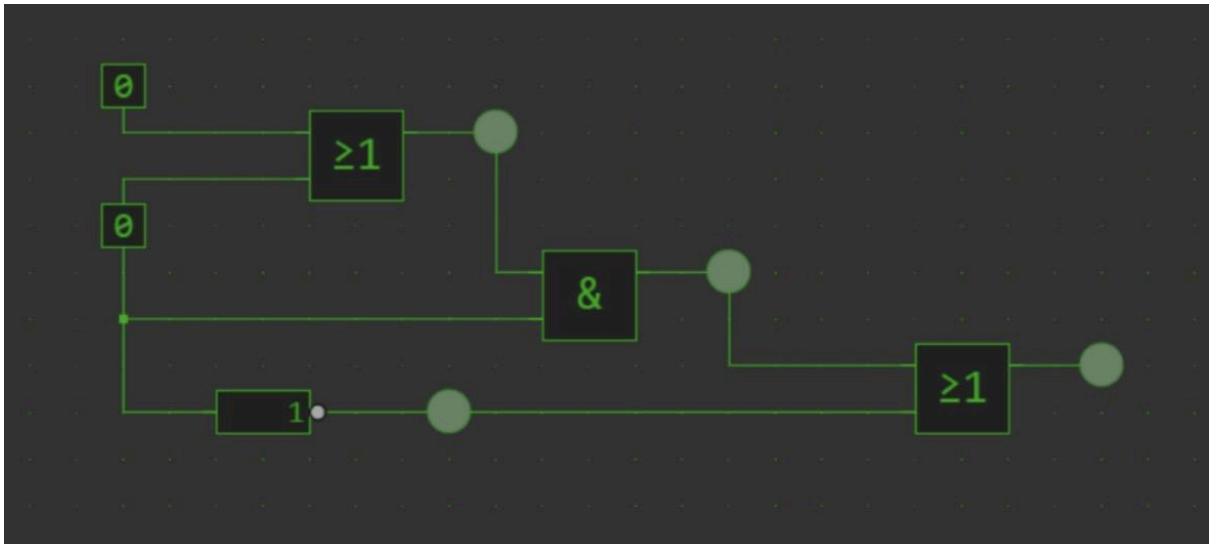

circuito2

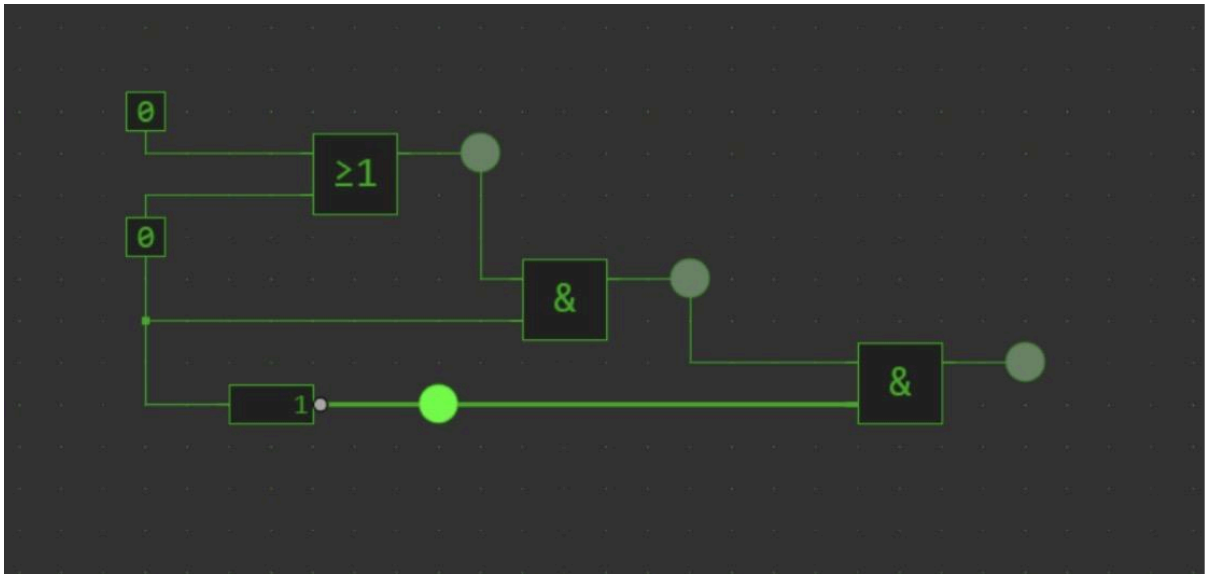

| p | q | p OR q | NOT (p OR q) | NOT (p OR q) AND (p OR q) |
|---|---|--------|--------------|---------------------------|
| V | V | v      | f            | f                         |
| V | F | v      | f            | f                         |
| F | V | v      | f            | f                         |
| F | F | f      | v            | f                         |

circuito3

| p q | p OR q | ( p OR q ) AND q | NOT q | [ ( p OR q ) AND q ]<br>OR (NOT q) |
|-----|--------|------------------|-------|------------------------------------|
| V V | v      | v                | f     | v                                  |
| V F | v      | f                | v     | v                                  |
| F V | v      | v                | f     | v                                  |
| F F | f      | f                | v     | v                                  |

circuituo4

| p q | p OR q | ( p OR q ) AND q | NOT q | [ ( p OR q ) AND q<br>AND (NOT q) |
|-----|--------|------------------|-------|-----------------------------------|
| V V | v      | v                | f     | f                                 |
| V F | v      | f                | v     | f                                 |
| F V | v      | v                | f     | f                                 |
| F F | f      | f                | v     | f                                 |
